FIRST RESPONDER APPRECIATION STAIR CLIMB & RECRUITMENT EVENT

Sen. Devlin Robinson, Rep. Natalie Mihalek, and local officials will honor our local first responders and the brave men and women who responded on Sept. 11, 2001, by climbing mechanical stairs in firefighter turnout gear. Afterward, a short memorial service will occur. Constituents are invited to participate by completing various exercises designed to simulate the strenuous actions of the heroes on that terrifying day. Bethel Park firefighters will be on-hand to discuss volunteer opportunities, including an educational partnership with Community College of Allegheny County that may include free college classes!
